

STANDARD PRICE LIST

Listed below are my standard packages for the most common photography services. Please note that **the prices listed here are for reference only**, and may be subject to adjustment up or down depending on various factors such as location, complexity of the shoot, or not-for-profit status. Please contact me with specific details so I can provide a full quote.

All images are professionally edited in Adobe Lightroom or similar photo editing software using a color calibrated monitor. As part of this process, minor background distractions and other image imperfections will be removed; however, I will not edit facial features or remove skin blemishes unless specifically requested.

I do not make money from prints. As part of each package I will provide both full resolution and smaller, social media-friendly JPEG files for each final image included in the package. I offer a basic printing package for \$25 (see below), or I can direct you to a trusted professional photo lab so you can order your own prints with a variety of custom paper and framing options. You get the full resolution images so the choice is yours.

I am based in Sioux Falls, South Dakota. Included in every standard package is up to 15 minutes travel each way to the shooting location; additional travel time will be billed at \$30/hour.

NOTES

- Standard white or black backdrop can be provided for headshots. Other special backdrops or effects are not provided.
- Both on-camera and off-camera flash include light modifiers (e.g. softbox, umbrella, portable lightsphere) to soften light and reduce hard shadows. Appropriate color gels will be used in mixed light situations to balance color temperature.
- For each different pose, a single edited, full resolution photo will be provided. As the photographer I will either choose the best shot out of all the ones taken of a specific pose, or give you a choice of two or more for final editing.
- A basic print package is available for \$25. You may choose from *one* of the following packages, or any combination of packages at \$25 each:
 - One 12"x18" or 11"x14" print
 - Two 8"x12" prints
 - One 8"x12" print and three 5"x7" prints
 - Two 8"x10" prints and one 5"x7" print
 - One 8"x10" print and three 5"x7" prints
 - Five 5"x7" prints

All photos in the basic print package will be printed on Canon Pro Luster photo paper using a professional photo inkjet printer. Larger sizes, in a variety of media and framing options, may be ordered from a professional photo printing lab; I will provide recommendations upon request.
